

## Basisinformationen

Hersteller:

Testo SE & Co KGaA,  
Celsiusstr. 2,  
79822 Titisee-Neustadt / Germany

## Produktspezifische Informationen

|                              |                                                                    |
|------------------------------|--------------------------------------------------------------------|
| Networked product            | testo 191                                                          |
| Order number                 | 0572 1911 0572 1912 0572 1913 0572 1914<br>0572 1916               |
| Connected service            | testo 190/191 Software                                             |
| Type of data generated       | Measurement data, e.g. temperature, humidity, ...                  |
| Format of the generated data | Internal, export: CSV, JSON, PDF                                   |
| Scope of the generated data  | [unk genVolume]                                                    |
| Continuous or real-time      | Continuous, definable measurement cycle                            |
| Storage location             | Device                                                             |
| Storage duration             | Instrument: >=30,000 measurements                                  |
| Access options               | Export from the software                                           |
| Technical aids               | PC with testo 191/190 Software Professional,<br>case testo 190/191 |
| Terms of use                 | [unk accessConditions]                                             |
| Quality of service           | [unk accessSla]                                                    |
| Information as of            | 2026-01-07                                                         |
